

REMARKS

Applicant respectfully requests consideration and allowance of the subject application.

- Claims 1-51 are pending.
- Claims 23-29 are elected as a single disclosed species.
- Claims 1-22 and 30-51 are withdrawn.

The claims are subjected to a restriction requirement under 35 U.S.C. §121 as containing independent or distinct species. Applicant is required to elect one species from a group of 14 species, each species corresponding to one of the 14 Figures in Applicant's specification.

Applicant elects Species 13 corresponding to Figure 13 of the specification. A listing of all claims readable thereon includes claims 23-29. Hence, Applicant elects claims 23-29 for examination on the merits, **without traverse**.

Applicant withdraws claims 1-22 and 30-51 as being drawn to non-elected species, without prejudice to future consideration of these claims depending on allowance granted within the elected claims.

Conclusion

Applicant submits that the elected claims 23-29 are in condition for allowance and respectfully requests issuance of the subject application.

Respectfully Submitted,
